GPS Coordinates of Pond:

Maximum Pond Depth(ft):

Average Pond Depth(ft):

Brief Description of Pond (shape, location, etc.):

Power Source Location (i.e., West Side of pond, At the South edge of barn, etc.):

Diagram: On a separate piece of paper, draw a rough map of the layout of your pond with buildings, power etc. This will help you save money since the location of power is very important. [contact us](#)
